Message from the Chairman

Constellation Schools continues to grow and improve. During the 2006/2007 school year we have implemented many things designed to ensure our schools have the resources necessary to assist students, and that our teachers know how to use these resources.

Every teacher in every classroom is using AIMSweb to assess student performance on an ongoing basis. Where students are not advancing as expected, interventions can be implemented nearly immediately. Professional development for teachers and staff has always been a high priority for us, however, this year we greatly expanded and improved our professional development program. Our special education program remains second to none, and this year we have expanded our use of alternative assessments to ensure the success of all children. We have also focused on standardizing our curriculum, our summer school program, and our kindergarten readiness screening. Because of the growth we have experienced, and our expected future growth, we implemented a Principal Training Program. Two interns spent the entire year working with our experienced principals and administrators to ensure they will be ready to open and effectively operate Constellation schools for the 2007/2008 school year.

Despite our growth, student and school performance continue to improve. For the 2005/2006 school year, Westpark Community Elementary and Lorain Gifted Academy were rated "Excellent," and Old Brooklyn Community Elementary and Parma Community Elementary, Middle & High were rated "Effective" by the Ohio Department of Education. Most other Constellation schools are rated "Continuous Improvement" but all are focused on improving student performance.

Our expansion plans for Old Brooklyn Community Elementary/Old Brooklyn Community Middle, Westpark Community Elementary/Westpark Community Middle, Lorain Community Elementary/Lorain Community Middle, Stockyard Community Elementary and Parma Community Elementary, Middle & High continue with groundbreaking expected at Old Brooklyn and Westpark during the 2007/2008 school year. To accommodate the expansion we are currently seeking a \$20 million bond issue and expect to have the transaction finalized by fall. Our purchase of the Schaaf Community Center building in Parma will also allow us to initiate our first high school during the 2007/2008 school year.

Our specialty schools, Lorain Gifted Academy and Outreach Academy, continue to meet the needs of underserved populations. Gifted students at our Lorain Academy are flourishing with the rigorous program we have established. And, the profoundly disabled/medically fragile children served by Outreach Academy also flourish with the compassionate program we have created there.

Besides initiating our first-ever high school program, we will also open a school dedicated to bringing a high quality arts program to Cleveland's west side during the 2007/2008 school year.

Strategic planning continues to play a major role in the development of our organization and our schools, and our focus remains on one thing – providing a high quality education to all children.
