TRANSPORTATION

[2025/2026 Nonpublic and Community School Request for PCSD Transportation](#)

Directions:

This form must be completed annually **by April 30 of the current school year for the following school year** for each student requesting transportation. This form in no way guarantees that the students will receive a bus ride. It has to be fiscally responsible to run the bus to your schools. we can no longer run buses without the bus being filled with students. We may have to decide to declare students impractical if we do not get enough responses from students requesting bus service. Students must reside **more than 2 miles from school** to be eligible for transportation. If your student's School is not in the dropdown list please contact transportation to see if transportation is provided to that school.

SCHOOL BUS SAFETY

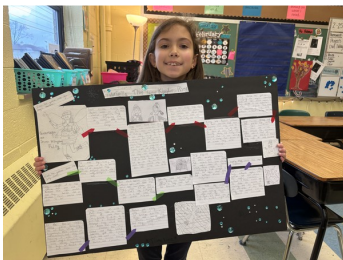

seat on seat, back on back, feet in front

All students should sit with their seat on the seat, their back on the back of the seat, and their feet on the floor in front of them. The tall seat backs on school buses help protect passengers.
