Busing Information

Please note that families need to apply for busing every year, even if they were previously on a bus route.

We sent a reminder about this earlier in the summer but if you have not already done so, please do this *as soon as possible* to ensure that your child has busing on the first day of school. It does take some time to add students to bus routes.

Please fill out the form online and it will be automatically sent to Transportation. Transportation will contact you regarding your child's bus route.

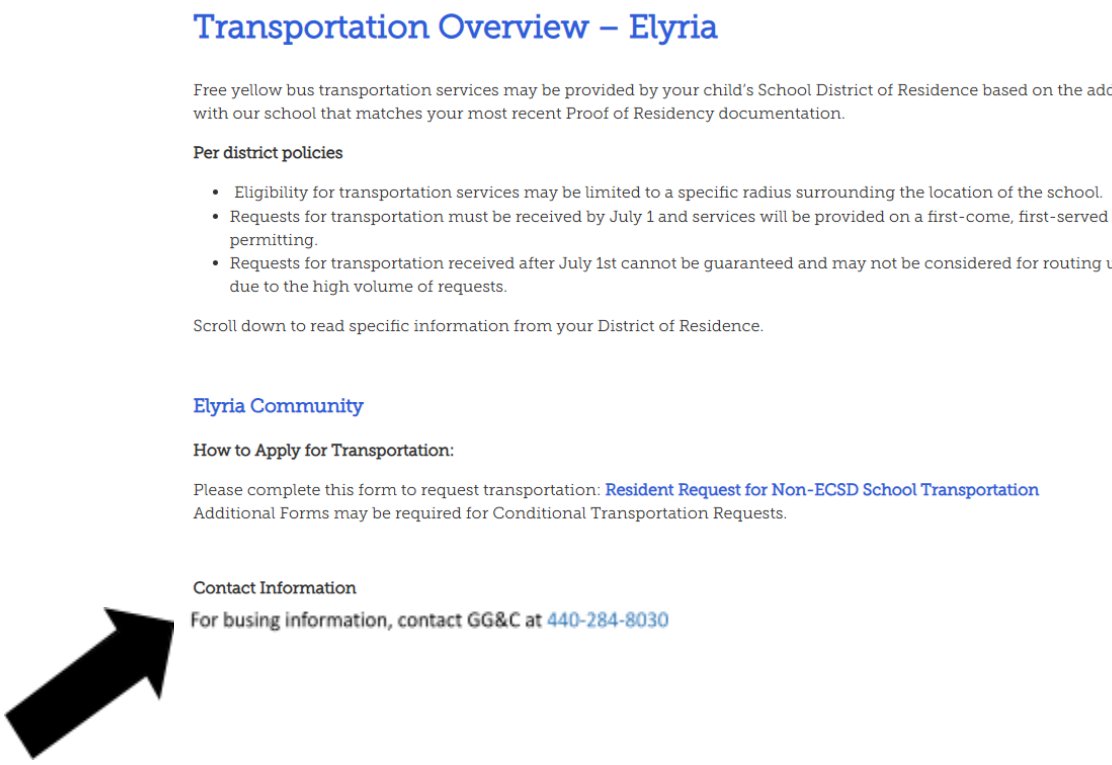

The link can be found on our school's website.

You will find the link is at the bottom of this page (see picture)

The link is called Resident Request for Non-ECSD School transportation

Transportation Overview – Elyria

Free yellow bus transportation services may be provided by your child's School District of Residence based on the address on file with our school that matches your most recent Proof of Residency documentation.

Per district policies

- Eligibility for transportation services may be limited to a specific radius surrounding the location of the school.
- Requests for transportation must be received by July 1 and services will be provided on a first-come, first-served basis, capacity permitting.
- Requests for transportation received after July 1st cannot be guaranteed and may not be considered for routing until October, due to the high volume of requests.
