Cell Phone Policy

2026-2027

8/19/2026

Dear Parents & Guardians:

Ohio law requires all public K-12 school districts, STEM schools, and community schools to prohibit students from using cell phones during the entire instructional day, which includes class time, lunch periods, and hallway transitions.

Students must have their devices turned off and put away in the secured storage provided by the school.

<u>If students are found in possession of their cell phones or using their cell phones, parents will be notified and the following consequences will be taking place:</u>

1. First infraction **- Warning (documented & parent notified)**
2. Second infraction **- After school detention**
3. Third Infraction **- Saturday Detention**
4. Fourth Infraction **- 2 days, 3 days, 5 days**

Please feel free to call the school if you have any questions.

Sincerely,

Dr. Joe

Principal
