Constellation Schools WCSA

"The Right Choice for Parents and a Real Chance for Children!"

Dear WCSA Families,

The safety and well-being of our students and staff remain our highest priority. As we continue to evaluate ways to strengthen school security, we will be implementing the use of metal detectors as an additional safety measure for the upcoming school year.

This decision was made after careful consideration of current school safety practices and our ongoing commitment to providing a secure learning environment where students can focus on learning and growing.

Why Are We Using Metal Detectors?

Metal detectors are being added to:

- Enhance the safety and security of all students, staff, and visitors.
- Help prevent weapons and other prohibited items from entering the school.
- Provide an additional layer of protection alongside our existing safety procedures.
- Promote a positive and secure learning environment for everyone.

What Families Can Expect

- Students will pass through a metal detector upon entering the building.
- The process is designed to be quick, respectful, and minimally disruptive to the school day.
- Students may be asked to remove items such as keys, belts, or electronic devices if they trigger the detector.
- School staff will be available to assist students and ensure the screening process is conducted professionally and respectfully.

Our Commitment

The use of metal detectors is not a reflection of our students or community. Rather, it is a proactive step to strengthen school safety and align with best practices being implemented in schools across the country. Our goal is to create an environment where students, families, and staff feel safe, supported, and ready to learn each day.

We understand that families may have questions about this new procedure. Additional information regarding arrival procedures and screening expectations will be shared before the start of the school year.

Thank you for your continued partnership and support as we work together to provide a safe and welcoming learning environment for all Wolverines.

Warm regards,

Ms. Clark, Principal
