Constellation Schools
Westpark Community Elementary

2025-2026 ANNUAL REPORT

Serving students and families since 2001, Constellation Schools: Westpark Community Elementary is one of Cleveland's top-performing schools, providing students with a strong academic foundation in a caring, supportive environment. The school offers a well-rounded curriculum enriched with technology, the arts, physical education, health, and character education. High expectations for academics and behavior are paired with programs that support students' social and emotional growth. Small class sizes allow teachers to know their students and provide the individual attention they need to succeed. Beyond the classroom, students have opportunities to participate in sports, clubs, extracurricular activities, and educational field trips to places such as the Cleveland Museum of Natural History, Cleveland Museum of Art, Cleveland Metroparks Zoo, Swings-N-Things, and Playhouse Square. Westpark also creates opportunities for families and the community to come together. Special events such as the annual Fathers Walk and student experiences like the Cavaliers Assembly give students opportunities to build connections, celebrate achievement, and make lasting memories. Families also have access to before- and after-school care and free tutoring. Through partnerships with parents and community organizations, Westpark Community Elementary extends learning beyond the classroom and creates a school community where students are supported, encouraged, and prepared to succeed.

Mission Statement: Constellation Schools provide every child an opportunity to obtain an excellent education built on a foundation of character education for lifelong success.
